SOLAR INSTALLERS/SUPPLIERS SIGN UP

My Solar Quotes provides quality leads for solar power companies throughout New Zealand.

Quote requests that come through My Solar Quotes are serious buyers; we maintain this quality through a process that My Solar Quotes has uniquely developed.

My Solar Quotes is a matchmaker + solar educator, while most other platforms are just lead vending machines.

SEANZ membership is a requirement for all solar installation companies signed up to the My Solar Quotes platform and a part of our screening process to ensure experience, reputation and compliance. You can fill out the form prior to becoming a SEANZ member, however, leads will only start to be sent to the company upon SEANZ membership certification. To join SEANZ click here.

How it works:

1. Potential customers fill out the MSQ online form, which includes their complete contact details, what system size they will require and details such as house and roofs sizes etc.
2. We'll send the form to you and two other solar power companies via email.
3. You can then send customers a quote based on the information we have sent you. Chasing customers for more details should no longer be a problem, however, feel free to give the customers a call to have a chat about their requirements.

The benefit for your company:

- No joining fees, no exit fees, no brokerage fees — just a simple flat rate per qualified lead.
- Local leads only — you tell us your service areas, and that's all you'll receive.
- Total flexibility — pause or stop anytime, no strings attached.
- 5 free lead trial — we're confident you'll see the value right away.
- No bidding wars — Competition against other solar companies can be based on service, quality, not just price - meaning no "race to the bottom".
- Your brand stays front and centre — we connect you directly with customers, no middlemen muddying the process.
